Friday 26<sup>th</sup> May 2017

Dear Parents/Carers,

Now the sunny weather has arrived, we would like to remind all of you about the importance of protecting your child's skin from being damaged by the sun's rays.

We strongly recommend that you:

- send your child to school with a sun hat, preferably with a wide brim.
- Apply sunscreen before the start of the school day (there are products on the market that need only be applied once per day).
- Send extra sunscreen (in a labelled bottle) into school for your child to apply if necessary.

The children, except for our very youngest, will be expected to put cream on themselves. Staff may help if a child is having difficulty applying it. It's worth practicing this at home with your child. Please note children will not be allowed to share creams.

If you do not send in cream or let us know your child already has some on, we may apply our own if we feel it is necessary. This is costly for us and very time consuming so we highly recommend you do this yourself. We will be using **Soltan Protect and Moisturise Suncare Spray 50+**. If you know your child is allergic to any of the ingredients in this, please inform a member of staff as soon as possible and we will avoid putting it on your child.

Thank you for your support and let's hope for a really great summer,

Mrs Dobson
