

# Year 6 newsletter issue 3

Today we have some exciting news. We have been on a litter pick .The results from the recent year 6 litter survey determined the destination of our litter picking.We have also sought advice from our school governor Mrs[Doctor] Heffanan [a statistician].Our tech support had a separate conversation and she had a main conference with the rest of the class.

We have now successfully received 42 responses from our survey .Sadly if you haven't already taken the survey, it will not be available as the closing date was the 26th of May.

# The litter pick

Our litter pick was a massive success-within three streets we collected 6 bin bags full of rubbish. We all enjoyed the afternoon and we had the chance of playing at lightburn afterwards

A big thanks to SLDC [south lake district council] who lent us hi-vis jackets, bin bags and 15 litter pickers also a big thanks to a few class members who also let us borrow a couple of litter pickers.

We have sent our written results for our litter pick to the evening mail , SLDC,and are planning to send it to the Westmorland Gazette.

Next week there will not be a newsletter as it is half term holiday.
