WEEKLY SNIPPETS

Friday 29th September 2023

Dear Parent/Carers,

We have had another great week in school and today two of our classes have been on visits. Year 4 have been investigating the river at the Gill. Thank you to Mr Dobson for leading the visit.

Year 3 have been to Coniston and had a great time on the water. Look out for photos on the blog. Many thanks to all the helpers who came along and made the day a success.

On Monday morning, Mrs Sainsbury gave the children some great inspiration for using the loose parts equipment on the playground. The children got straight to it with some amazing creations. Our new lunchtime and playtime activities are proving very popular.

We are delighted that so many children are taking advantage of clubs in school - a recent new club is Chess Club, kindly provided by two volunteers from the Library Chess Club.

The lunchtime supervisors like to encourage all the children to finish the yummy packed lunches that they bring to school. When children cannot finish their meal, the supervisors will pack it up and send it home so you can see what has been eaten. Obviously, they will not send home items which might spill or spoil lunch boxes.

Kind regards

Mrs Helen Pearson, Mrs Nancy Fletcher and Team SJB

Snippets

Calling all Reception, Year 1 and Year 2 parents! Please consider ordering a school meal for census day. It costs you nothing but allows your children in school to have more. This term school census day is Thursday 5th October.

Our Early Years team would really like donations of socks and tights - please let us have you preloved items if you can spare them. Thank you
